Communication of the policy

It is important that 'TTT' staff (involved in the management, delivery, assessment and quality assurance of nationally recognised qualifications) and learners undertaking our qualifications, are fully aware of the contents of the policy. It is a requirement that staff at 'TTT' access, read and understand the policy during their induction.

Review of the policy

TTT will review the policy annually as part of our self-evaluation process and revise it as and when necessary. The review process includes analysis of monitoring data, consultation with and feedback from customers, learners, clients, staff and other stakeholders, changes in practices, actions required by Awarding Organisations or changes in legislation to determine the impact of the policy and any action required. Our review will ensure that our procedures continue to be consistent with the regulatory criteria and are applied properly and fairly in arriving at judgements.
